**Creating Safe and Healthy Campuses: Effective Strategies for Comprehensive Prevention**

## Focused Strategy Sessions

Are you feeling lost in your efforts toward a comprehensive prevention strategy? Are you not sure where to turn for advice about legal issues or community relations? Do you need to assess if your current plans will meet your prevention goals?

Wouldn't it be great to have a one-stop information source that can answer these questions and help get you on track?

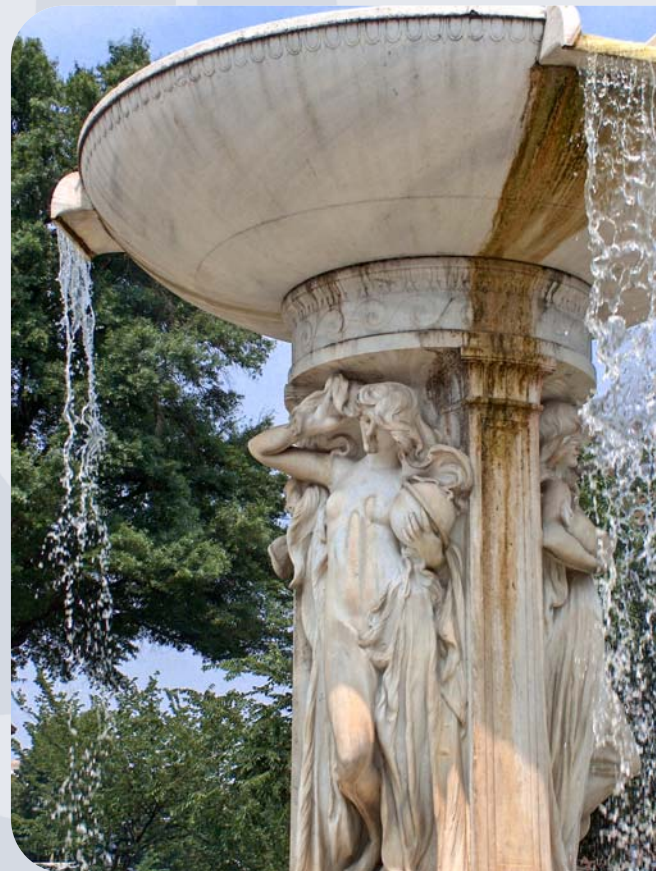

If so, then join us at the U.S. Department of Education's 20th Annual National Meeting on Alcohol and Other Drug Abuse and Violence Prevention in Higher Education.

During the **Focused Strategy Sessions** at the National Meeting, experienced prevention practitioners will be available to discuss concerns, plans, and program outcomes. As a meeting participant, you will be able to move from one informative source to another, asking specific questions and joining in solution-oriented conversations.

Come to the National Meeting to take advantage of this outstanding opportunity!
