

Goals

- share strategies for productive group processes
- anticipate challenges of working collaboratively in lesson study groups
- brainstorm ground rules that you want to use in your group
- discuss norms for your school groups

Some group challenges

- Creating safe environment for critical reflection on teaching and learning
- Making decisions
- Establishing ground rules
- Facilitating meetings

Reflection question

- Think back to a group you were involved in.
 - What worked well?
 - What aspects contributed to your learning?
 - What did the facilitator do?
- What drives you crazy in groups?
